365.2422

That's how many days it takes
the earth to orbit the sun . . .

and that's why we have
leap year. We add a
day to the month of
February every four
years to make up for
the .2422 days that just
won't fit in our regular year!

A HERO OF THE REVOLUTION

James Armistead was a Revolutionary War patriot and spy. He slipped behind enemy lines and obtained information about British troops in Virginia that helped the American side win the war at the Battle of Yorktown. He later added the last name "Lafayette" as a tribute to French General Lafayette who fought with George Washington and the Americans during the war.
